## PROJECT INFORMATION

<b>Project Title</b>	Character Limit: 190 characters
<b>Brief Description</b>	<p>Please provide a brief (200-300 word) plain language summary of your research project including the problem the project will address, an overview of the research itself, and the anticipated outcomes and potential impact on understanding, care provision, and the BC health system.</p> <p>The summary must be written in a way that a non-specialist, and non-scientific, audience can understand. It is an integral part of your funding application, and if successful will be posted to the MSFHR website and used to share information about the valuable research supported by public funds.</p> <p>Character Limit: 1250 characters</p>
<b>Scientific Summary</b>	<p>The summary should provide an abstract that is understandable by a multi-disciplinary group of scientific reviewers. Summarize the objectives and their relevance to the work proposed in the research project providing the reviewers with the central key question being studied and related research activities. If you are submitting an application that is fully focused on KT science, the scientific summary must reflect the KT science focus. The Scientific Summary may be used to identify appropriate peer reviewers for your applications.</p> <p>Character Limit: 1250 characters</p>

## BC HEALTH SYSTEM PRIORITIES 2018

<b>Is your current program of research related to any of the following BC health system priority areas?</b>	
1. Primary and community care	Primary
2. Services for patients with complex medical conditions and/or frail patients (including dementia)	Secondary
3. Mental health and/or substance use	Secondary
4. Surgical services (including perioperative services)	NotRelated
5. Rural and remote health care services	Secondary
<b>Is your current program of research related to Indigenous health?</b>	
1. Indigenous health (including First Nations health)	Secondary
If your research involves First Nations communities, please briefly describe your data management plan and how it accommodates the principles of OCAP®. Please see <a href="https://fnigc.ca/ocapr.html">https://fnigc.ca/ocapr.html</a> for further details. If your research does not involve First Nations communities, please enter "Not applicable".	Character Limit: 2500 characters
Briefly describe how your program of research addresses the BC health system priority area(s).	Character Limit: 2500 characters

## CAREER TIMELINE

<b>Date of first appointment</b>	
<b>For SCHOLAR Competition:</b> Enter the date of the first university appointment you held at an assistant professor level or equivalent. If you have not yet started an appointment at the time of the application, please enter the date that your committed appointment will begin.	
<b>For RESEARCH TRAINEE Competition:</b> Enter the date in which all requirements of the PhD degree have been met, including successful defense and submission of the	

<b>corrected copy of the thesis. For health professionals, this is the date on which all requirements of the health professional degree have been met. If you have not yet met the degree requirements at the time of application, please enter the date on which you anticipate completing your degree.</b>	
<b>For HEALTH PROFESSIONAL-INVESTIGATOR Competition: Enter the date on which you received your first professional degree.</b>	
Please enter date here.	11/1/2016
<b>Career Interruptions</b>	
<b>Please indicate if there have been any exceptional situations that affected your research training or research activities. Examples of justified career interruptions since your first university appointment include parental leave for birth or adoption, medical leave, or continuous non-research related clinical training (e.g. residency). For each career interruption, provide the start and end date and a brief description. Do not enter career interruptions that occurred prior to your first university or equivalent appointment.</b>	
Have you experienced any career interruptions?	Yes
<b>Career Interruption 1</b>	
Career Interruption Start Date	1/1/2017
Career Interruption End Date	6/30/2017
Career Interruption Description	ParentalLeave

## ADDITIONAL INFORMATION

### Suggested External Readers 1 - Contact Information

Suggest the name of a reader external to BC who is an expert in your area of research and who can provide objective, constructive and candid comments. As an applicant, you must never solicit or contact external readers.

Do **not** suggest external readers who may be in a conflict of interest situation. Conflicts exist when a person:

- Has collaborated, published or has been a co-applicant within the last five years with you, the applicant, named in a project
- Has been your student or supervisor within the last ten years
- Is or has been your close personal friend or relative
- Has had a long-standing or serious scientific or personal difference with you

MSFHR reserves the right to make the final decision on the selection of external readers.

### Suggested External Readers 2 - Contact Information

Character Limit: 800 characters

### External Readers to whom your application should not be sent

Please indicate complete name and organization.

Character Limit: 400 characters

**Did you receive your first academic appointment between January 31, 2014 and January 31, 2017?**

Yes
