Lay Summary

Please enter a short description of your proposed dissemination event, activity, or tool, highlighting key elements and outcomes you hope to achieve. The lay summary should be written in plain language to guide MSFHR staff in the facilitation of the peer review process, and provide reviewers with an introduction to your proposal.

The summary must be written in a way that a non-specialist and non-scientific audience can understand. It is an integral part of your funding application, and if successful will be posted to the MSFHR website and used to share information about the valuable research supported by public funds.

For guidance on writing plain language summaries, please see our KT Encounters blog (<https://www.msfhr.org/news/blog-posts/plain-language-summaries>) from health literacy researcher Iva Cheung. The MS Society of Canada also has a useful guide for writing lay summaries (<https://mssociety.ca/uploads/files/guide-to-writing-lay-summary-eng-final20130726.pdf>).

Letters of Support Upload

MSFHR encourages applicants to identify additional sources of funding for the proposed activities if doing so would enhance the quality or timeliness of the outcomes and/or outputs of this proposed work. If you are including letters of support, ensure letters of support:

1. Identify the amount and type of support (i.e., cash or in-kind).
2. Identify the source of support.
3. Identify whether the contribution has been applied for or already received.
4. Letters of support should be signed by one individual and must clearly articulate the signatory's knowledge of and interest in the outcomes of the proposed work.
