Supervisor/Co-Supervisor Comments

Please comment on the following:

- a. The strengths and competencies of the applicant (i.e., why have you chosen to recruit this individual).
- b. The research environment in which the applicant's project will be conducted.

Please be aware, to mitigate unconscious gender bias, it is strongly recommended that you:

- Be attentive to the potential for unconscious bias in the language you use to describe the applicant. For example, research has shown that women applicants are more likely to be described using "grindstone" words that emphasize effort (e.g., hard-working) while men are more likely to be described using words that emphasize their accomplishments.

For a quick reference guide to avoiding gender bias in writing, consider using [this guide](#).
