Welcome . . . We will be starting the workshop shortly

Date: Thursday, May 19, 2022, 10 a.m. to 12 p.m.

Topic: Why, when where and how to integrate patient, public and community partner engagement into your 2022 HP-I award application and research.

Format: 2-hour interactive, virtual workshop.

Attendees: HP-I applicants and host institution research facilitator representatives who would like to learn how to integrate partner engagement into their HP-I applications.

For Educational Purposes Only

Land Acknowledgement

Ancestral, traditional, and unceded territories of Coast Salish Peoples

Including the territories of:

xʷməθkʷəy̓əm (Musqueam), Skwxwú7mesh (Squamish), Stó:lō and Səl̓il̓witəʔ/Selilwitulh (TsleilWaututh)
Who's in the zoom room

2022 HP-I Applicants / Designated Alternate

Host Institution: Research Grants Facilitators

BC SUPPORT Unit Representatives: Fraser, Interior, Island, Northern, Vancouver

Panelists: Patient Partners, Clinician Scientist, Partner Engagement Coordinator

Patient Partners: Supporting discussions in breakout rooms

For Educational Purposes Only

AGENDA

Lecture (20 minutes):
What is Patient, Public and Community Partner Engagement in Health Research?

Panel (30 minutes):
Strengths and Challenges of Partner Engagement in Health Research

Bio Break (10 minutes)

Breakout Rooms (5 + 30 minutes):
Exploring Opportunities for Partner Engagement in Research (x3 rooms)

Report Back / Q & A (15 minutes)
Why, when, where and how to integrate patient, public and community partner engagement into your 2022 HP-I award application and research.

Kristi Coldwell

What is the BC SUPPORT (SUpport for People and Patient-Oriented Research and Trials) Unit?

1 of 11 Across Canada
‘Vancouver’
1 of 5 in BC

https://bcsupportunit.ca/

For Educational Purposes Only

New for 2022 Health Professional – Investigator Award

Patient, Public and Community Partner Reviews of HP-I proposals (after peer review)

Patient, Public and Community Partner Engagement in HP-I research (proposals)

May 19, 2022 & June 2, 2022
What is ‘Patient-Oriented’ Research?

Care Providers

Researchers

Clinician-Scientists

Patient Partners

Care / Service Decision Makers

For Educational Purposes Only

Many names for ‘Patient’ in Patient-Oriented

caregiver, family, resident, lived-experience, patient, client, peer, child, public, community, person, youth, friend, consumer

Individuals with personal lived or living experience of a health topic relevant to the focus of the research
Similar to other approaches, terms . . .

Indigenous Research Approach

Integrated KT (KT)

Participatory Action Research (PAR)

Patient-Oriented Research (POR)

Health Care Provider (Practice)

Health System Decision Maker (Policy)

Mode 2 (M2)

Practice-Based Research (PBR)

For Educational Purposes Only

What is Partnership Engagement NOT?

Similar but not the same as:
- Patient (Person)-centred outcomes research / care
- Patient-centred measurement (PROMs, PREMs)
- Including the patient perspective (Qualitative research)

Not ‘for’
✓ But ‘With and by’

Research Partner not Research Participant
If person is providing ‘data’ it is not POR!
Patient, Public and Community Partner Engagement in 2022 HP-I Research

Meaningful Engagement
Collaborative Partnership
Shared Decision Making
Members of the Team
Co-Produce / Develop / Build

For Educational Purposes Only

Level of Engagement

Training, resources and ongoing supports

 Leads

Involved

Informs

HP-I Top-up Funds

For Educational Purposes Only
Types of Engagement

For Educational Purposes Only

Engagement An Approach . . . not a Method

Patient, Public- or Community- Partner Engaged Research

an approach not a method

Can be adopted in any context or used in any type of health research.
Final Thoughts

Patient, Public and Community Partner Engagement is a learned skill . . .

• Baby steps
• Start early
• Seek help / mentorship / training

For Educational Purposes Only

Panel Discussion

Strengths and challenges with partner engagement in health research
Wrap Up / Next Session (June 2, 2022 10 am to noon)

What are Patient, Public and Community Reviewers Reviewing

How to integrate a partner engagement plan into the application

Additional Resources

- **Patient-Oriented Research: A Video Introduction**
  - This 40-minute video, provides an introduction to Patient-Oriented Research and was co-developed with patient partners.

- **A Journey Through Public & Patient Engagement in Health Research: A Road Map**
  - This interactive "road map", co-developed with patient partners, focuses on patient and public partnership on a research team, outlining diverse activities that they could engage in across multiple phases of a health research project.

- **How Patient-Oriented is Your Research: A Checklist**
  - This resource provides a series of questions that can help you identify the extent to which your proposed research may be adopting a patient-oriented approach.

- **Plain Language Guide**
  - This interactive guide, developed by the BC SUPPORT, will help research teams with the planning and writing of their plain language summary.
