

Letters of Support

Letters of Support (Cash or In-Kind Contributions), if applicable

Health Research BC encourages applicants to identify additional sources of funding for the proposed activities if doing so would enhance the quality or timeliness of the outcomes and/or outputs of this proposed work. If you are including letters of support, ensure letters of support:

1. Identify the **amount** and **type** of support (i.e., cash or in-kind).
2. Identify the source of support.
3. Identify whether the contribution has been applied for or already received.
4. Letters of support should be signed by one individual and must clearly articulate the signatory's knowledge of and interest in the outcomes of the proposed work.
